

Rhino Modular Rack

The Modular Rack Range offers a quality heavy duty roof system for the transportation of loads, finished with Electropaint primer and polyester black powder coating to ensure the maximum corrosion resistance.

Certified TUV approved and crash tested to 20g the modular racks are available in 2, 3 or 4 sections (depending on vehicle size).

Features:

- Fully welded, heavy duty system
- Quick and easy installation using bolted together modular sections
- Full width front aeroflip significantly reduces overall wind noise and drag
- Full width rear roller system aids loading/unloading
- Industry leading unique 2 coat process of electropaint primer and polyester black powder coating ensures maximum corrosion resistance
- All racks enable the transportation of 8' x 4' boards
